## A STEAMER BLOWS UP.

Explosion on a California Ferry Boat -- Boatboys Many Lives Lost

Fire Adds to the Horror and Fatality of the Accident

Names of Many of the Victims May Be Forever Unknown.

A Tariff Bill Ready for Submission to the House

Disaster to Ferry Steamer

SAN FRANCISCO Cal. Feb 27 -The steamer Bulletin was blown up this morning and burned in the water sedge but its exact loss was not known. Several were killed and many wounded

SOUTH VALLEJO February 27 -The steamer Solano which exploded this morning was plying between Benicia and South Vallejo. The explosion occurred between fifty and sixty feet from the shore and it is now known that seven persons were killed

VALLEJO Cal. February 27 -It is believed that between thirty and forty lives were lost. Up to late hour this afternoon twelve bodies had been recovered two of which were burned beyond recognition. The names of the others thus far recovered are as follows Martin Hodgkins Joseph Dugan William Saman Ole Nelson Alfred Madsen Michael Brinsky John Bestick William Stark Edward Lisk and Cunningham Higgins The names of half the passengers who were on the steamer at the time of the explosion are not known and it is impossible to tell how many sank with the wreck but at least fifteen who are known to have been on the steamer are still missing. Captain Grace of the Julia was badly injured. He was also Charles Heath the pilot. Twelve or fifteen others were only severely injured.

The record of the Julia is a bad one and this is not the first terrible accident on the steamer. In September 69 the head of her boiler blew out, instantly killing many of the crew and scalding the clerk and another officer of the boat so badly that they lingered for only a few days. The cause of the disaster to day is not known though it is generally believed that the exploding occurred in the boiler. But the impression also prevails that it was in some way communicated to a petroleum tank and an explosion occurred in that quarter. The steamer burned petroleum for fuel.—Vallejo is 30 miles up the bay from San Francisco

### Tariff Bills in Congress

WASHINGTON February 27 —The Mills tariff bill has been completed at last and will be laid before the full committee on ways and means to morrow. It was expected that the bill will be reported to the house at the meeting to morrow morning as ordered printed and recommitted to the committee. The final report to the house will likely be made within a week or ten days thereafter. It is expected the Randall and republican bills will appear shortly after

### International Yachting

NEW YORK February 27 The English yachtsman who came over on the Arawa told reporters yesterday that the owners of the cutter Thistle are building two steel center board sloop yachts one of large size at Henderson's yard on the Clyde. The keels are laid and the put side frames up. They will have to measure at least ninety feet on the water line. Their designer has been kept a profound secret but it is supposed that Watson who designed the Thistle is also responsible for the lines of the new yachts.

Speaking of the possibility of an international race this year a member of one of the prominent clubs said last night. I must surprise you to hear that the Clarks are building a centre board to sail across. They have seen the clause of the new deed which says that the American cup committee may waive the ten months time limit if they wish to accept a challenge and it is my opinion they will take all the advantage possible of that clause by sending us a challenge in a few days giving the dimensions of one of their yachts. If they do this we we should get back a few days in which to produce a yacht of similar dimensions and probably better design by July 1 and I think they feel sure we should want the time elapsed and pick up the gauntlet thrown down by them. There is no reason why we should not accept if challenges come before March 15th for with the actual dimensions of the challenger in hand I would simply be a race of the builders against time. In this days of expert workmen and electric lights work to do so can as well at nights as in the day providing material was to be had

### A Railroad Sensation

DENVER February 27 —A sensation was created here late last night by the arrest of Senator Tabor proprietor of the Tabor Grand opera house and Wm T Carleton of the Carleton Opera company by order of Mayor Lee on a charge of having violated a city ordinance by giving a sacred concert at the opera house last night. The ordinance prohibits the giving of performances of any kind on Sunday night in which any actor engaged does not appear in costume. The arrests created a great excitement and the theatre was packed to the doors. Carleton and Tabor were released on bail this morning.

The boom has now commenced and from present indications will increase in volume. Some people imagine that a "boom" simply means an unusual activity in one particular branch of trade, namely "real estate." This is not so. The word "boom" is a general one and refers to activity in all lines of business. This is particularly true in the present instance. Our business men feel its influence and report a general activity in their respective branches of trade. In clothing and gentlemens furnishing goods there is a steady demand for well-made goods at low prices. I am able to meet this demand. I have recently received some very nice things in the clothing line. In fact I receive something new every week, and I am kept constantly busy in arranging the new goods as they come in. I have some very attractive styles of neckwear which are entirely new and can be seen at no other place in the city. But you must visit my store and see for yourself.

Yours truly

### THE GREAT STRIKE.

Burlington Engineers and Firemen Go Out in a Body

Long and Expensive Contest Expected to Ensue.

Knights of Labor Retaliating for Past Injuries

Many Trains in Colorado Almost Complete.

The Burlington Strike

The February 28 —Four o'clock this morning was the hour announced today as the time for a strike on the Chicago Burlington & Quincy railroad. Between 11 and 12 o'clock this morning G. Hogg one of the grievance committee of the Brotherhood of Locomotive Engineers employed on the Burlington system, and chairman of the committee called on General Manager Stone at the company's offices and informed him that unless a satisfactory answer was received before 12 o'clock the men would go out on a strike. The committee left the office at 12 o'clock and reported to the men that Mr. Stone had refused to grant the demands of the engineers. Mr. Hogg briefly stated what the men wanted.

Stone heard them through and told them that was their ultimatum. They said they had told him that they would be found at the Pacific hotel until 1 o'clock in the afternoon if he desired to communicate with them. The interview was then ended and the men returned to their rooms.

The executive committee of the engineers of which Mr. Hogg is chairman is composed of members of the local divisions of the brotherhood on the Chicago Burlington & Quincy system. It is understood that the committee had had an interview with Mr. Hogg, the general manager of the railroad company, and the chairman says that the company refused to grant the demands. The interview was brief and to the point. The engineers returned to their rooms and reported the result of their mission to the committee. The strike was then declared on by a vote of 1,000 to 1. At that time all of the engineers were out of their runs and fewer trains were in motion.

The strike was declared through the local divisions of the Brotherhood of Locomotive Engineers on the Chicago Burlington and Quincy system have been notified not to work to-morrow morning unless ordered by the chairman of the executive committee to report for duty.

General Manager Stone was waited upon by Hogg representing the engineers and Chairman Murphy representing the firemen this afternoon and was informed that unless a settlement was reached the strike would be inaugurated at once. They said they had sufficient reasons for the move and would give reasons along the line to warrant them in taking this step.

Stone replied that the Burlington would recede from the position it had taken Mr. Stone said that this was his ultimatum and their answer was final.

The representatives of the men withdrew and a general strike will be inaugurated tomorrow.

Representatives of the Associated Press said to night that there were 1,000 engineers and firemen employed on the various divisions of the road affected but that they all did not know but that they all did.

Views as to the Strike

Grand Worthy Foreman Richard of the Knights of Labor said this evening that the Brotherhood of Locomotive Firemen need not take part in the strike unless they desired to. He believed that Griffith was out at his home in Chicago and that the latter was directing the engineers' strike. At the headquarters of the Knights of Labor Mr. Powderly was not to be seen and the men in charge of the office refused to say what action the Knights would take in the matter. It is believed, however, that the Knights will order out on strike all of the employes of the Burlington system who belong to the order.

Chicago February 28 —Chief Engineer Arthur in an interview this evening said: Publication by General Manager Stone of all the propositions offered by the men leads to misapprehension. We were willing to discuss these propositions one by one and up to the time we left the conference Mr. Stone had not informed us that he was not willing to discuss them. The strike did not occur because the schedule we offered was not adopted because when the question arose we reached Mr. Stone refused to do anything at all. We receded from our first proposition and offered to accept 30 cents which Stone refused in the most positive manner. He made no proposition to us at all and the fight now is purely on the question of pay. Mr. Stone says we want to put unskilled labor on the engines. We do not. We go on the assumption that there is no unskilled labor on the engines on any road in the United States. Does Mr. Stone mean to say he has unskilled engineers on any branch of his road. Would he go into court in the case of a damage suit and swear that? Would Mr. Stone like to have the public believe the engineers on his lines are inferior to those on the main line? If the fireman who runs a limited express or the engineer who runs an accommodation train should receive the same pay as those who manipulate the company's freight engines would it be right? The engineers who served in the Shoshone Indian campaign and the Pullman strike, and who served in the war with Mexico for thirty days and have seen service with Indian tribes.

When discussing the 3 hour question the Burlington people said: "Hour per day is not the question involved. It is the principle of the thing. We have been working 10 hours and we want 8 hours. We will not recede from that position. We have been working 10 hours and we want 8 hours. We will not recede from that position. We have been working 10 hours and we want 8 hours. We will not recede from that position

### CHURCH FREE READING ROOM.

CORNER WEBER ST. AND PLATTE AVE. Open daily, except on Sunday, from 10 a. m. to 10 p. m. Free to everybody.

Another weekly newspaper will soon be started at Colorado City.

Rev. A. C. Peck will preach to-day both morning and evening at the First Methodist church.

Preaching to-day both morning and evening at the First Presbyterian church by the pastor, Rev. J. S. Black.

Preaching both morning and evening to-day at the M. E. Church South, corner Cucharas and Weber streets.

The street railway company have a force of sixty men at work on the railway between this city and Colorado City.

It is stated that there are some parties at Manitou who are thinking of erecting a large hotel in one of the neighboring canons.

Mr. W. F. McKeehan is putting the prices of coal reduced, as will be seen by his advertisement in another column this morning.

The real estate agency of M. Kennedy reports the sale of a large amount of property on the north side of the city during the past week.

Police Magistrate Stidleder yesterday fined the foreman of a grading outfit camped on the Monument near Huerfano street, $17.75 for fighting.

Mr. E. F. Clark, manager of the Midland eating stations, was in the city yesterday. He reports travel on the road, particularly west of Leadville, to be very good.

Public worship to-day at the Congregational church, on Bijou street, opposite Acacia park, at 11 a. m. and 7.30 p. m. The pastor, Rev. James B. Clegg, will preach both morning and evening.

Mr. F. H. Gay was engaged last evening in removing his stock of boots and shoes to his new location at No. 9 South Tejon street. He will be ready for business in his new quarters to-morrow morning.

Late Friday night a wagon and team of horses were taken from a man at Colorado City. As soon as the owner missed them he came to this city and found them hitched near the Newton Lumber company's yard on Huerfano street. They were evidently taken by somebody who was averse to walking over from Colorado City.

A man was brought over from Colorado City yesterday by Deputy Sheriff Brazleton and committed to the county jail. He was bound over to the district court by a justice of the peace at Colorado City on a charge of assault with intent to do bodily harm, preferred by a woman.

Reserved seats for the Lotta engagements at the opera house on Tuesday and Wednesday evenings are now on sale. She will appear in two of her most successful productions, "Pawn Ticket No. 210," and "The Little Detective." The rush for seats in Pueblo for her engagement there to-morrow evening was phenomenal, and nearly all the seats in the De Remer opera house were sold.

By a notice in another column it will be seen that the firm of May & Clark have sold their restaurant on Pike's Peak avenue to Mrs. F. A. Clark. The restaurant will hereafter be under the management of Mr. Frank Clark, who has had abundant experience in this line of business. The table will be first class in every respect, and the manager will endeavor to make it one of the most popular resorts in the city.

The fourth entertainment in the lecture course at the Methodist church for the benefit of the free reading room and library to-morrow evening will consist of readings by Dr. Solly. Dr. Solly has won a well-deserved fame in our city as an admirable reader especially in humorous parts. The pleasure of the evening will be enhanced by instrumental music by Barnes' orchestra and by a solo by Mr. Durkee. Exercises begin at 8 o'clock. Tickets for the evening 25 cents.

The drawing for one hundred and fifty lots in the town of La Vergne will take place next Thursday afternoon at two o'clock on the town site. The Firemen's band have been engaged to enliven the occasion, and will head the procession to the new town. The drawing will be conducted by a committee of disinterested citizens, and will be entirely fair. There are but a few tickets left unsold, which are offered at a great bargain.

A regular meeting of the Women's Relief society was held at the Congregational church yesterday afternoon. The following committees to serve during the ensuing year were appointed:

Sewing Committee—Mrs. W. F. Anderson.

THE TOWN OF
WEST COLORADO SPRINGS
EL PASO Co
COLORADO.
H. L. Reed, Civil Engr.
Survey of 1888.
This most valuable and desirable residence ground is located on both sides of the only thoroughfare between Colorado Springs, Colorado City and Manitou. A street car line passes through the main avenue, connecting the two cities. West Colorado Springs adjoins the city of Colorado Springs on the west. With its additions now being platted, it will occupy all the land lying between Colorado Springs and Colorado City. In the very near future it will be one solid city from Colorado Springs to Manitou.
WEST COLORADO SPRINGS is destined to be THE RESIDENT place of El Paso county, for the reason that it has plenty of water always for irrigating purposes. A right for such purposes in your deed
